A public hearing will be conducted by the Wildlife and Parks Commission at 10 a.m. Tuesday, July 24, by conference call, to consider the approval and adoption of a proposed regulation of the Kansas Department of Wildlife and Parks. Members of the public may participate at either the Office of the Secretary, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, or at the Operations Office, 512 S.E. 25th Ave., Pratt. Additional locations may be available, and interested parties may contact the commission secretary for additional information.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, commission secretary, at (620) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on proposed exempt regulation

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulation. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulation.

The exempt regulation that will be heard during the regulatory hearing portion of the meeting is as follows:

K.A.R. 115-25-1. This regulation establishes seasons, bag limits and possession limits for upland game birds, including a two-day youth season for pheasant and quail. Currently, adults older than 21 may participate in the hunt, as long as the hunting party includes at least as many youth 16 years or younger as adults. The proposed amendment would prohibit adults from participating with youth during the youth season.

Economic Impact Summary: While the proposed amendment may impact participation rates, no substantial economic impact on the public, the department or other agencies is anticipated.

Copies of the complete text of the regulation and the economic impact statement may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, August 23, at the El Dorado Civic Center, 201 E. Central, El Dorado, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. August 23 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. August 24 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, commission secretary, at (620) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The administrative regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-2-1 and 115-2-4. These regulations establish fees for certain fish, wildlife, and boating licenses, permits and other issues. Fee increases are proposed for a number of issues, including hunting licenses, fishing licenses, furharvester licenses, waterfowl stamps, elk permits and vessel registrations. No increase is proposed for several issues, including deer or turkey permits.

Economic Impact Summary: Based on past sales of the issues proposed for fee increases, the proposed amendments may increase department revenue by approximately \$2.2 million.

K.A.R. 115-8-4. This regulation addresses noncommercial dog training on department lands and waters. Pro-

posed amendments would prohibit the release of all game birds or pen-raised birds on these lands, other than pigeons, which may continue to be released and shot on these lands and waters.

Economic Impact Summary: No substantial economic impact on the public, the department or other agencies is anticipated.

K.A.R. 115-13-1, 115-13-2 and 115-13-5. These regulations address commercial and noncommercial dog training. Proposed amendments primarily clarify regulatory language, making the regulations more consistent, in response to Executive Order 00-03.

Economic Impact Summary: No substantial economic impact to the public, the department or other agencies is anticipated.

K.A.R. 115-14-2, 115-14-3, 115-14-5, 115-14-6, 115-14-7, 115-14-9 and 115-14-10. These regulations establish permits and other requirements for the practice of falconry in Kansas. Proposed amendments primarily clarify current regulatory language. For example, amendments would define "sponsors," specify applicable rules for permit renewals, and further explain potential actions in response to mistreatment of raptors. Also, 115-14-7 is proposed for revocation by incorporating its provisions into 115-14-2.

Economic Impact Summary: No substantial economic impact on the public, the department or other agencies is anticipated.

K.A.R. 115-18-5 and 115-18-8. In response to Executive Order 00-03, 115-18-5 is proposed for revocation and 115-18-8 is proposed for amendment. K.A.R. 115-18-5 describes special motor vehicle permits for persons with certain disabilities using state parks, but is proposed for revocation because these provisions are already contained in statute or other regulation and are therefore deemed redundant. The proposed amendment to 115-18-8 would add reference to another regulation addressing a related topic.

Economic Impact Summary: No substantial economic impact on the public, the department or other agencies is anticipated.

K.A.R. 115-18-9. This regulation addresses activities of persons without a furharvester license who are accompanying a licensed furharvester. The proposed amendment would eliminate the currect restriction of two nonparticipating observers who have the purpose of buying dogs, and would instead allow defined nonparticipating observers to accompany a licensed furharvester.

Economic Impact Summary: No substantial economic impact on the public, the department or other agencies is anticipated.

K.A.R. 115-18-14. This regulation establishes legal nontoxic shot for hunting migratory waterfowl. Based on anticipated federal authorization, tungsten-nickel-iron shot is proposed for addition and tin shot is proposed for elimination.

Economic Impact Summary: Private vendors selling these types of shot may have some economic impact, based on purchases by hunters of these shot types. No other economic impact is anticipated. Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Wednesday, August 22, in the 13th floor conference room, Security Benefit Building, 700 S.W. Harrison, Topeka, to consider the adoption by the Business Development Division, Department of Commerce and Housing, of a proposed permanent amendment to K.A.R. 110-4-1, which relates to the "Investments in Major Projects and Comprehensive Training" (IMPACT) Program.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. Prior to the hearing, all interested parties may submit e-mail comments to dmoore@kdoch.state.ks.us or written comments to the Secretary of Commerce and Housing, 700 S.W. Harrison, Suite 1300, Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed amendment to the regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting David Moore at (785) 296-5298 or (785) 296-3487 (TTY). The north entrance to the Security Benefit Building is accessible. Handicapped parking is located on the street at the north entrance of the building.

Summaries of the proposed amendments to the regulation and their economic impact follow.

Proposed Amendment to K.A.R. 110-4-1:

The proposed amendment to **K.A.R. 110-4-1** (definitions) would alter the current definition of a "job that formerly existed." K.A.R. 110-4-1 includes in its definition of a "job that formerly existed" the criterion that the job has been "filled or in use within the 18 months prior to

the date of filing an application with the secretary for funding from the IMPACT program services fund." The proposed change would replace the term "job that formerly existed" with the term "existing job" and would add the following language (shown in italics) to the definition: ". . . was filled or in use within the 18 months before the date of filing an application with the secretary for funding from the IMPACT program services fund, unless the job was lost due to an act of God and the secretary finds that the IMPACT program or project will be a major factor for the Kansas basic enterprise to remain in Kansas."

Therefore, the amendment would permit jobs that would otherwise be excluded from eligibility for IM-PACT program services because they were in use within the last 18 months to be considered for eligibility under limited emergency circumstances. The proposed change to the definition is being sought to address a type of situation not anticipated when the regulation was initially drafted.

Economic Impact:

The proposed amendment would result in no direct cost to the Department of Commerce and Housing or any other state agency. It does not result in increased expenditures or fiscal liability on the part of local units of government and does not directly affect their revenues. However, the availability of IMPACT Program services may have a positive effect on a company's decision to stay or rebuild its business following a disaster. In those cases, the revenues of the local units of government in which the business is located may be preserved or enhanced.

The proposed amendment will have a positive impact on the consumers of the services provided by the IM-PACT Program, including Kansas companies and Kansas workers. Kansas companies that are lost or damaged by an act of God or natural disaster and employees of those Kansas companies who are laid off as the result of the loss or damage would be affected. Currently, if employees are laid off by a company because of the loss of or damage to the business, the IMPACT Program cannot treat these lost jobs as new jobs for 18 months. As a result, the state cannot provide workforce training funds that may be needed by a company after rebuilding, retooling, and hiring or rehiring employees unless that company waits 18 months after a job was lost to begin hiring.

To the extent that availability of IMPACT Program funds and services positively impacts a company's decision to rebuild the business following a disaster, economic activity in the communities in which the company is located may be preserved or enhanced. Therefore, the amendment may have a positive impact on the general public.

Copies of the proposed regulation and the associated economic impact statement may be obtained from the Department of Commerce and Housing, Business Development Division, 700 S.W. Harrison, Suite 1300, Topeka, 66612, (785) 296-5298.

Department of Commerce and Housing

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Monday, August 27, in the main conference room, 13th floor, Security Benefit Group Tower, 700 S.W. Harrison, Topeka, to consider the adoption of proposed changes in existing rules and regulations of the Division of Community Development Block Grant's Community Service

Tax Credit program.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Gary Sherrer, Secretary of Commerce and Housing, 700 S.W. Harrison, Suite 1300, Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Bill Acree at (785) 296-3004. Handicapped parking is located directly across the street from the Security Benefit Group building's north entrance on 7th Street. The north entrance to the building is accessible to individuals with disabilities.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

K.A.R. 110-7-5. Definitions. This regulation defines the terms "Department," "Director," "Gift," and "Proposal," which are key terms in the Community Service Program, which implements the income tax credit system.

K.A.R. 110-7-6. Audits. This regulation clarifies when independent audits of a nonprofit organization's financial records will be required and alternatives allowed to the submission of an audit, such as submission of IRS form 990s in lieu of an audit.

This change specifically benefits first-time nonprofit programs using the income tax credit program.

K.A.R. 110-7-8. Review of proposals. This regulation outlines the criteria used by the agency to approve or disapprove the proposals submitted for adoption under the state income tax credit program for community development.

The regulation clarifies when proposals need written endorsements from local governing bodies and the time frame when applicants will be notified of the director's decision regarding adoption or rejection of their proposal.

K.A.R. 110-7-9. Gifts and gift period. This regulation states that proposals must indicate that when noncash gifts are received for approved programs, only noncash gifts related directly to the approved project are accepted and all gifts must be accepted within 18 months after date

of approval of the director. The term "related directly" is defined. The regulation limits tax credit application approvals to the one-year term after the date the gift is denoted

K.A.R. 110-7-10. Project administration. This regulation requires that projects include statements on the submission of quarterly and final reports, submission of budgets, and a final independent audit.

K.A.R. 110-7-1 through 110-7-4, which are existing

rules and regulations, will be repealed.

These amendments benefit local nonprofit organizations submitting income tax credit financing proposals under the state's community development program. They have no effect on other governmental units, private citizens or consumers. There are no anticipated costs to state agencies or employees as a result of this change.

Copies of the regulations and their economic impact statements may be obtained from the Division of Community Development Block Grant Programs, 700 S.W. Harrison, Suite 1300, Topeka, 66603, (785) 296-3004.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Acme Brick has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Acme Brick, Fort Worth, Texas, owns and operates a brick and clay products manufacturing facility located at 1915 Ave. L, Kanopolis, Ellsworth County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina. To obtain or review the proposed permit and supporting documentation, contact Alan Brooks, (785) 296-6281, at the KDHE central office, or Joan Ratzlaff, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Alan Brooks, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business July 23.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business July 23 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Coverage of existing interventions shall not be denied solely on the basis that there is an absence of conclusive scientific evidence.
